reduction

3rd June 2019

SUB: 11th ENVIRO – 2019

Science Olympiad Foundation (SOF) along with Industrial Waste Management Association (IWMA) is jointly organizing the 11th ENVIRO 2019, the annual Environmental Program for school children in the following categories:

Cartoon Drawing (Juniors),
Mascot Designing (Middle),
Live News Reporting (Seniors)

The above will be organized on Saturday 27th July and on Sunday 28th July 2019, at IIT Madras (IC &SR auditorium).

We are enclosing the registration form and request you to fill in and send the form with the details at the address mentioned in the registration form. We seek your cooperation to make the program a grand success!

Synopsis of participation is as under:

Participation is free. Schools may send one student for junior category and a team of two students each for middle and senior category.

First round

Juniors – Cartoon Drawing: Design and create your own cartoon relating to environment on any one of the topics given below. A4 size paper and colour pencils will be given at the venue.

Middle – Mascot Designing: A team of two students from each school will be asked to design and create a green school mascot. They should bring only used materials like old fabrics, used papers, cartons, etc. Each mascot with a pair of hands must be able to stand on its own. The maximum dimension is 25 cm wide X 40 cm high and minimum being 20 cm wide X 35 cm high. The mascot will represent the school to promote environmental education & management.

Seniors – A live news reporting competition: A team of two students are supposed to make a video of not more than two minutes, using their creativity and come up with any news that might depict an environmental scene. Students can portray the funny and hilarious side of news reporting. They should showcase a live reporter along with any other supporting role such as news studio team member, cameraman, etc. The video is to be copied in a pen drive for submission so that it can be screened during the news reporting. Teams will be judged on the presentation and speaking skills, creativity of news presentation and coordination between team members.

Selected students in the junior, middle and senior group will qualify for round two on Sunday, 28th July.

A team of judges will select the best three from each level and prizes will be awarded accordingly. There are also two consolation prizes and five special prizes for each level.
